ROCKFIELD
INFRA & POWER PROTECTION

About the ROCKFIELD

We are India's pioneering lightning protection solutions - ROCKFIELD INFRA & POWER PROTECTION. We hold expertise in setting up lightning arresters, surge protection devices, provide maintenance-free earthing etc. With the synergy of dedicated technocrats, our very own - "ROCKFIELD ENGINEERS" provide world-class solutions for lightning related hazards.

OUR STORY

The proprietorship firm, established by Kiran Kumar Ubrangala in 2015 has scripted its success story of more than a one decade in the field of Lightning Protection, Surge Protection, Fire Suppression, Electronic Security, Earthing Solution & Power Systems Solutions with a zeal and mission to provide the best possible end-to-end solutions and to offer protection from lightning, fire & power quality management and to achieve this goal, we entered into an alliance with World Leaders in the Lightning & Surge Protection, Fire and Security and Power Management field.

We are pleased to introduce ourselves as one of the leading Authorised Channel Partner for All Karnataka region.

Dehn India Pvt Ltd (Germany).

- Lightning Protection
- Earthing Solution (Maintenance-free mineral earthing)
- Surge Protection
- Safety equipment

AUTHORISED DISTRIBUTOR OF:

TMEIC

- Online UPS System

Exide Batteries

- SMF
- 2 Volt Batteries
- Automotive Batteries
- Tubular Batteries
- Solar Batteries

What we offer

-  Risk analysis and design solution on lightning protection systems
-  Adequate study on surge protection systems & solutions
-  Supply & Installation of Surge Protection System
-  Supply & Installation of External Lightning Protection
-  Maintenance free Mineral earthing system
-  Sales & Service of 1kVA to 5 MVA online UPS System
-  Sales & Service of all kinds of Batteries

Our Clients

- NITTE University
- Yenepoya (Deemed to be University)
- Massilly India packaging private limited
- IN-LAND
- Land Trades Builders & Developers
- Citadel Developers
- Diya Systems (Mangalore) Pvt. Ltd
- KARUNA INFRA-PROPERTIES
- Mohtisham
- Sri Chaitanya Techno Schoo
- Abharan Jewellers
- Swarna Jewellers
- S S PROPERTIES PVT LTD
- Chettinad Mangalore Coal Terminal pvt ltd
- Dharmasthala Temple Power House & Hegde Residence of Dr.Veerendra Heggade
- MRPL
- Lamina Foundries Limited
- Janatha Fish Meals and Oil Products
- Raj Fish Meal & Oil Company
- Defence Research and Development Organisation

THE BEST OF BOTH WORLDS DEHN & TMEIC

DEHN being the largest and having 110 years of experience in the field of lightning protection in the world, with our new Indian subsidiary, we serve 11 countries with our own operations. We are represented in more than 80 countries by our sole distributors, partners and agencies. Some of our recognitions have been in the field of external lightning protection, internal surge protection (power line & data line) and electrical safety products.

Few Facts and Figures of DEHN group

- » Founded in Germany on 21st Jan 1910 by Mr. Hans Dehn.
- » 1,600 employees worldwide..
- » Presence in more than 70 countries.
- » Inventor of Surge Protection Device in 1954.
- » More than 4000 devices and components.

- » Protected More than 2,00,000 Telecom sites in India
- » Protected more than 1000 GW of Solar Power Generation facilities worldwide.
- » Protected BMW / Volkswagen, Mercedes / Munich Airport Berlin Airport / BSNL / Mahindra & Mahindra / HPCL/ BPCL / Indraprastha Gas / Numaligarh Refinery / Bharat Oman Refinery / Tata Solar / ABB / Emerson / Siemens etc.

- » Protected most of the Central Inverters in Solar Power worldwide

DEHN has taken the task of reliably protecting people, buildings, electrical and electronic devices and systems from the hazards related to lightning and surges. With our heart, expertise, dedication and pioneering spirit, we have been stimulating development in the fields of surge and lightning protection as well as safety equipment for decades

DEHN SERVICES

- » Lightning protection / earthing solutions
- » Surge protection power supply & it networks
- » Design solution for lightning protection system
- » Safety equipments
- » Risk analysis against lightning

TMEIC

Toshiba Mitsubishi - Electric Industrial Systems Corp. (TMEIC) is known and recognized globally for its superior quality management, innovation and reliability of its products and solutions. Providing 50+ clients with manufacturing experience and expert knowledge of energy conversion, supported by the rich legacy of parent companies Toshiba and Mitsubishi-Electric there is no doubt that TMUPS® is capable of delivering high performance and reliable services for your Mission Critical Loads in the field of power electronics.

Advanced Features for Maximum Performance

- Industry-Leading and State-of-the-Art Electronic Technology
- All CSTBT Circuit (IGBT) Topology- Innovative Circuit Concept
- Advanced NPC Multilevel Technology
- Advanced Control System
- DC-to-DC Chopper charging circuit, extending battery and capacitor life.

Green-Oriented Design

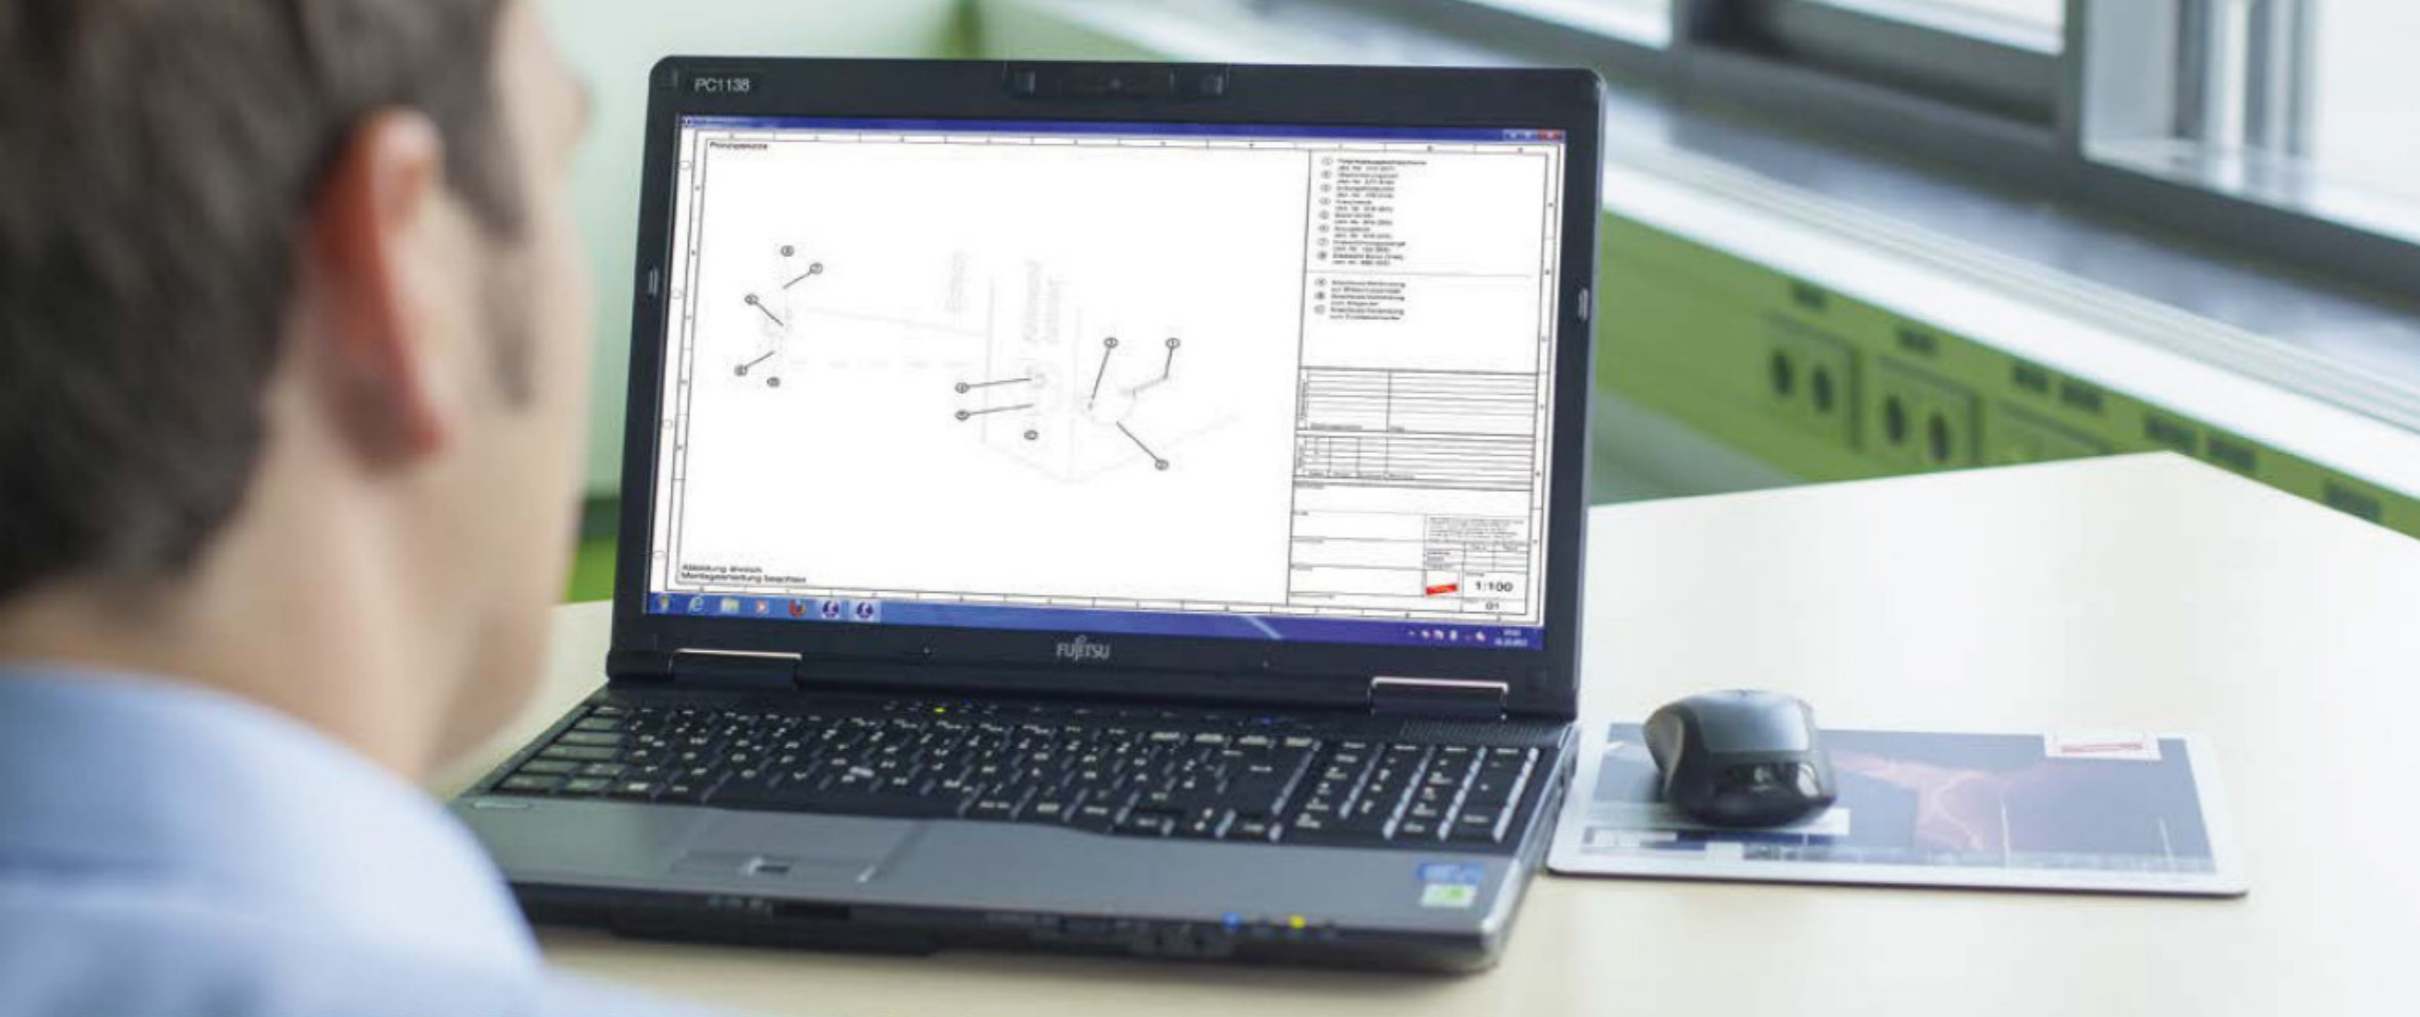

- World leading AC-AC Efficiency > 96% without compromise
- High Efficiency across full load spectrum

High Reliability through Redundant Configuration (Easy Expansion)

- Paralleled up to eight UPS modules for increased capacity and redundancy.
- A Hybrid Static-Bypass Switch
- Modular & redundancy with each UPS module features its own static bypass and control circuitry
- Output Voltage Regulation handling 100% step loads without requiring battery support.

SERVICES

- » Our internal team validates the standard of quality before the client can share feedback
- » We do a thorough check on the quality and ensure 100% inspection is done
- » 1 year free service
- » UPS checkup - once in 4 months
- » Examination of lightning arrester every 2 years or as and when required.

NO COMPROMISE

- » A full-fledged service center with well-equipped tools, fixtures & spares.
- » Special area-wise service teams that cater to the needs of our customers. These teams are solely engaged in providing immediate service, ad-hoc.
- » Fully-trained & qualified staff to cater to the customer complaints.

OUR MILESTONES & ACCOMPLISHMENTS

With our core business centred on sales, installation, preventive and corrective maintenance in the field of lighting protection, power quality management plans, we aim to accomplish a respectable position in a short span of time and also stay at par with market forces operating for many years in this field.

Our products and solutions have been awarded distinctions at many occasions in various fields like Infrastructure, Real Estate, Oil & Gas, Telecom, Wind Mills, Solar PV, Sewage Plant, Railway Systems, Industry and Process automation all over the world.

We are also India's first reinforced structural earthing as per international safety standards, an opportunity fully manoeuvred by our Rockfield Team for the project "Land Trades Solitaire" under DEHN.

Our strengths are

- » Quality Products
- » Technical Expertise
- » Reasonable Pricing
- » Customer Satisfaction

We expect to grow through expansion of our current business, product sales, customer satisfaction, and establishment of joint ventures with Architects, Builders, Electrical Consultants & Contractors in the industry.

ROCKFIELD
ENGINEERS

Our Rockfield engineers have also mastered the art of interior and exterior solutions for commercial and residential, independent commercial requirements such as schools, college, hostel, hospital, office setups and a lot more. We utilise maximum space and provide an aesthetic design which is cost-efficient and executed in the best possible way, making our services one of the most user friendly ventures you may find.

WHAT YOU CAN EXPECT

- » A to Z solutions
- » Right from planning till execution we are responsible.
- » Theme based interior work
- » Experts in both Commercial and Residential projects
- » Specialised in Modular kitchen.
- » Space planning and consulting
- » Sustainable design
